Course: Assessment of Security Readiness for Crisis Management in the Industrial Environment

Code	City	Hotel	Start	End	Price	Language - Hours
833	Zurich (Switzerland)	Hotel Meeting Room	2025-02-10	2025-02-14	5450 €	En - 25

Introduction to the Training Course:

Industrial crises pose a real threat to the safety of workers and the surrounding community, as well as significantly impacting the environment and the economy. Therefore, the security assessment for managing industrial crises is vital for ensuring the safety of workers and the surrounding community, while also mitigating the effects of crises in the industrial environment on both the environment and the economy

Objectives of the Training Course:

- Equip participants with the knowledge and skills necessary to assess security readiness in responding to industrial crises.
- Enable participants to understand the importance of applying industrial safety principles to reduce the occurrence of industrial crises.
- Enhance participants` skills in developing and effectively implementing emergency plans for managing industrial crises.
- Train participants on how to handle industrial accidents and crises, and identify the precautions necessary to mitigate their impacts.
- Encourage participants to develop their managerial capabilities and enhance their career opportunities by expanding their skills in the field of industrial crisis management.

Target Audience:

- Industrial Facility Managers
- Security and Safety Officers
- Crisis Management Teams
- Risk Management Professionals
- Emergency Response Coordinators
- Health, Safety, and Environment (HSE) Specialists
- Operations Supervisors and Engineers
- Compliance and Regulatory Officers

Training Course Content

Day 1: Assessment of Security Readiness for the Industrial Facility

- Concept of Security Readiness
- Identification and Risk Analysis in the Industrial Facility
- Comprehensive Security Readiness Applications

Day 2: Applications of Industrial Safety Principles to Reduce the Occurrence of Industrial Crises

- Principles of Industrial Safety
- Risk Control and Reducing the Occurrence of Industrial Crises
- Fundamental Systems of Industrial Safety

Day 3: Developing Emergency Plans for Managing Industrial Crises

- Concept of Emergency Plans and Their Types
- Reviewing and Developing Emergency Plans for Dealing with Industrial Crises
- Training the Emergency Response Team

Day 4: Training on Industrial Crisis Management

- Concept of Industrial Crisis Management
- Procedures for Responding to Industrial Crises
- Assessment of the Environmental, Social, and Economic Impact of Industrial Crises

Day 5: Practical Training on Industrial Crisis Management

- Simulating Industrial Crisis Scenarios
- Implementing Emergency Plans and Crisis Management
- Analyzing and Evaluating the Results of Scenarios

The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:

• **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

• **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

• **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

• **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

• **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

• **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

• **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

• **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

• **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

• **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
