Introduction:

The procurement function has evolved from a simple administrative task to a critical strategic business unit. This integrated 10-day course is designed to empower participants with advanced skills and best practices in procurement, covering strategic, tactical, operational, and contingency aspects.

General Objectives:

- Enhance participants` skills in negotiation and supplier management.
- Apply best practices across all stages of the procurement process.
- Develop strategic procurement plans that align with organizational goals.
- Understand performance measurement tools and supplier evaluation techniques.

Detailed Objectives:

- Analyze critical supply strategies.
- Understand total cost of ownership and spend analysis.
- Build sustainable partnerships with suppliers.
- Implement leadership techniques to manage change in procurement.

Target Audience:

- Contract officers, buyers, and procurement specialists.
- Professionals in projects, engineering, operations, and maintenance.
- Anyone aiming to achieve high efficiency in procurement activities.

Training Methods:

- Theoretical lectures using advanced visual aids.
- Practical case studies.
- Group exercises and applications.
- Pre- and post-course assessments.

- Creating continuity plans.
- Preparing for emergencies.
- Developing a comprehensive procurement action plan.

Day 10: Performance Review and Evaluation

- Reviewing overall procurement performance.
- Utilizing key performance indicators.
- Developing improvement plans.
- Course evaluation and feedback.

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

Program Timings:

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
