The Course

More than ever before, implementing strategic improvement changes in an organization requires leaders who think and act in a strategic manner. To maintain competitiveness, work is becoming increasingly complex and sophisticated, but often strategic improvements are implemented by competent professionals who have little or no strategic leadership training. Modern organizations cannot afford anything less than competent management that leads to successfully implemented improvements. Establishing and maintaining personal and team leadership skills, creating productive work environments and leading teams in strategic activities to meet goals is a challenging, every-day part of a strategic leader's life.

This program offers an opportunity to focus on the development and use of strategic leadership practices that allow for effective and efficient management of strategic improvements. It provides practical skills to take back to the job, along with insights needed to adapt principles to specific work environments. The seminar is designed to give participants an in-depth understanding of the skills required to successfully demonstrate strategic leadership.

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.
