Course Introduction

In today's dynamic business environment, human resources must move beyond traditional administrative functions and become a strategic partner to drive organizational success. This course is designed to equip HR professionals with the advanced knowledge and tools required to develop and implement strategic HR practices, integrate HR strategy into business strategy, and effectively lead people towards achieving organizational goals.

General Objective

To develop the advanced capabilities of HR professionals to design, implement, and manage strategic human resource management frameworks aligned with organizational objectives, enhancing overall performance and sustainability.

Course Objectives

- Understand the foundations and evolution of Strategic Human Resource Management (SHRM).
- Analyze and align HR strategies with corporate and business strategies.
- Design and implement talent management and succession planning systems.
- Lead performance management and strategic reward systems.
- Manage organizational development and transformation initiatives.
- Develop and apply HR analytics and evidence-based decision-making.

- Integrate ethics, CSR, and diversity into strategic HRM.
- Manage strategic HR projects effectively.
- Lead HR digital transformation and leverage technology in HR practices.
- Evaluate and measure the strategic impact of HR on business performance.

Learning Outcomes

- Create an integrated SHRM framework.
- Design and implement strategic HR initiatives.
- Enhance organizational performance through people strategies.
- Apply advanced tools in HR analytics, change management, and leadership.
- Contribute to sustainable organizational development.

Target Audience

- HR Directors and Senior Managers
- HR Business Partners
- HR Consultants
- OD and L&D Professionals
- Talent Management Leaders
- Executives involved in people strategy
- Future HR Leaders

- Evaluating HR`s Strategic Impact

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

Program Timings:

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
