Course: Legal Aspects of Health Care

Code	City	Hotel	Start	End	Price	Language - Hours
HS-568	Chicago (US)	Hotel Meeting Room	2027-04-12	2027-04-16	7450 €	En - 25

Course Introduction:

The legal landscape of healthcare is complex and continuously evolving, requiring professionals to understand the legal frameworks, ethical considerations, and regulatory requirements that impact patient care and medical institutions. This training program is designed to equip healthcare administrators, legal professionals, and medical practitioners with a comprehensive understanding of the legal aspects of healthcare, including patient rights, medical liability, compliance, and risk management.

Through real-world case studies, interactive discussions, and expert insights, participants will develop the legal knowledge and analytical skills necessary to navigate healthcare regulations effectively and mitigate legal risks in medical settings.

Course Objectives:

By the end of this course, participants will be able to:

- Understand the legal and ethical foundations of healthcare systems.
- Interpret and apply healthcare laws, policies, and regulations.
- Identify and mitigate legal risks associated with medical practice.
- Address patient rights, confidentiality, and data protection concerns.
- Manage medical liability, malpractice claims, and dispute resolution.
- Ensure compliance with national and international healthcare standards.

Target Audience:

- Healthcare Administrators and Managers
- Medical Practitioners and Clinical Staff
- Legal Professionals in Healthcare Law
- Compliance Officers and Risk Managers
- Health Insurance and Policy Experts
- Regulatory and Government Officials

Course Outline

Introduction to Healthcare Law and Ethics

- Overview of healthcare legal frameworks
- Ethical principles in medical practice
- Legal responsibilities of healthcare providers
- Case study: Ethical dilemmas in healthcare

Patient Rights and Confidentiality

- Understanding patient consent and informed decision-making
- Data privacy laws (HIPAA, GDPR, and national regulations)
- Medical records management and confidentiality policies
- Case study: Legal consequences of data breaches in healthcare

Medical Liability and Malpractice

- Legal definition of medical negligence and malpractice

- Strategies for reducing liability and legal exposure
- Understanding malpractice insurance and coverage
- Case study: High-profile malpractice lawsuits

Healthcare Compliance and Regulatory Frameworks

- Overview of healthcare accreditation and compliance requirements
- National and international healthcare standards (WHO, FDA, JCI)
- Risk assessment and legal documentation best practices
- Workshop: Conducting a healthcare compliance audit

Legal Challenges in Healthcare Administration

- Employment law in healthcare settings
- Contractual obligations for healthcare providers
- Public health laws and pandemic response measures
- Case study: Legal implications of healthcare policy changes

Dispute Resolution and Risk Management in Healthcare

- Alternative dispute resolution methods (mediation, arbitration)
- Handling patient complaints and legal claims effectively
- Crisis management and emergency legal responses

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant will receive comprehensive training materials, including theoretical content, practical exercises, and supporting resources, provided in both printed and digital formats. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

Program Timings:

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

The program includes:

- A daily Coffee Break provided during the sessions to ensure participants comfort.
