INTRODUCTION

International procurement is a complex process, which has the potential to provide many benefits to the organization in the form of lower prices, higher quality and improved supplier performance.

In this programme you will learn how to:

- Locate, evaluate and manage international sources
- Implement best practices in international procurement
- Effectively draft an international procurement contract
- Manage the international movement of materials

PROGRAMME OBJECTIVES

- Examine how to locate and evaluate new sources internationally
- Consider the impact of the internet on purchasing operations
- Review best practices in international purchasing
- Analyze ways of managing suppliers more effectively
- Study new concepts in inventory management
- Enhance their negotiating skills
- Understand the proper drafting of international contracts
- Plan for effective international transportation management

TRAINING METHODOLOGY

Participants will learn by active participation during the programme through the use of programme materials, exercises, video presentations and discussions on “real life” issues in their organizations.

PROGRAMME SUMMARY

Effective international buying is essential to the success of the modern business, government and military materials management operation. This programme will focus on the best practices for locating, utilizing and managing global suppliers. Techniques for improving supplier performance, lowering prices, improving quality, shortening lead times, reducing inventory levels and eliminating unnecessary costs will also be carefully considered. In addition we will also examine the impact of the internet on global buying activities.

The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:

• **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

• **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

• **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

• **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

• **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

• **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

• **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

• **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

• **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

• **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
