149	Berlin (Germany)	Hotel Meeting Room	2025-03-31	2025-04-04	5450 €	En - 25

The Course

Finance and Capital along with Management and Staff are the lifeblood of any business. This programme focuses on the advanced skills necessary for making sound financial decisions in an increasingly competitive, volatile and global market. Skills and decisions which will enable your company to remain competitive, minimise costs, maximise revenues and also reduce/control risk.

The programme therefore focuses on the key areas and skills required:

- Financial Planning and Control:- devising and controlling financial plans fit for the future
- Corporate Finance and Financial Engineering:- how to finance the business
- The Cost of Capital and Capital Investment Appraisal:- calculating and controlling the cost of capital using WACC and CAPM and maximising the Return on Capital and minimising risk by evaluating potential projects using the latest techniques
- Financial Analysis:- evaluate financial data in order to:
 - Assess past performance
 - Identify business Strengths, Weaknesses, Opportunities and Threats
 - Improve Decision Making
 - Implement and Evaluate Performance Measures
 - Aid the Strategic Planning Process
- Business Valuation - Mergers & Acquisition Decisions

The Goals

- Develop the Essential Advanced Skills of Financial Forecasting Budgeting and Control using Excel© and the latest software to develop various forecasting models including Time Series Models, Exponential Smoothing, Regression and Correlation Analysis
- Analyse complex capital investment and financing decisions and provide recommendations for action using appropriate discount rates based on WACC and CAPM by applying Payback, ARR, NPV, Discounted Payback, IRR and MIRR using Excel® including where capital is rationed/limited
- Identify the key success factors/critical factors in their industry/division to evaluate current and future market/competitive trends in order to identify future Opportunities and Threats
- Conduct advanced financial analysis using Excel® and the very latest techniques/methods that result in developing financial strategies and plans
- Conduct company valuations with a focus on merger and acquisition decisions

The Process

The course is highly interactive involving the analysis and evaluation of practical case studies and the discussion/debate of current issues, policies and procedures. It will be conducted along workshop principles to ensure the development of transferable skills as well as knowledge, fully supported with notes in hard copy and on CD.

The Benefits

- Develop their professional skills
- Increase their knowledge of the latest policies and procedures
- Make more informed and hence better decisions

The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:

• **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

• **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

• **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

• **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

• **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

• **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

• **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

• **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

• **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

• **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
