## The Course

In the world today it is not unusual for more than 50% of an organization's revenue to be spent on goods and services — everything from raw materials to overnight mail. So, when the goal is to increase earnings by lowering costs, World-class organizations look closely at their purchasing strategies. Success in purchasing is dependent not only on an awareness of the potential opportunities, but more importantly, and the focus of this seminar, is the knowledgeable implementation of the methods, processes, and techniques that should be utilized in order to become a leader in obtaining real supply management savings.

## The Goals

### Upon completion of this seminar, participants will know:

- How to be on the road to world class in cost reductions
- Processes for data mining and developing strategic plans
- Methods of cost improvement
- Process for developing purchase price index
- Procedure for reporting cost improvements
- Cost Reduction vs. Cost Avoidance
- How to evaluate supplier prices
- Reducing low value activities

- Best practices in qualifying suppliers
- The importance of planning in successful negotiations
- Approaches in negotiations
- Standards of ethics
- The importance of rating and valuing the issues in a negotiation
- Negotiating important issues in various contract clauses
- Important elements of final preparation

## **The Delegates**

- Contracts, Purchasing, and Procurement personnel
- Engineering, Operational, Project, and Maintenance personnel
- And all others who are involved in the planning, evaluation, preparation and management of purchasing, tenders, and contracts that cover the acquisition of materials, equipment, and services, and who are in organizations whose leadership want high levels of competency in those involved in these activities.

## **The Process**

This seminar will combine a variety of instructional methods including lecture by an experienced practitioner and consultant, exercises and role playing, and group discussions covering current practices and their relationship to the implementation of new concepts.
