## Course Introduction:

Strategic management is the backbone of any successful organization, enabling leaders to define objectives, allocate resources, and navigate competitive markets effectively. This training program provides professionals with a comprehensive understanding of strategic management concepts, tools, and frameworks to drive business success.

Through case studies, real-world applications, and interactive discussions, participants will learn how to analyze business environments, formulate competitive strategies, and implement effective strategic plans to achieve long-term organizational growth.

## Course Objectives:

**By the end of this course, participants will be able to:**

- Understand the fundamental principles of strategic management.
- Conduct business environment and industry analysis using strategic tools.
- Develop competitive strategies for market positioning and business growth.
- Align corporate objectives with operational strategies.
- Identify and manage risks associated with strategic decision-making.
- Implement and evaluate strategic plans for continuous improvement.

## **Target Audience:**

- Business Owners and Entrepreneurs.
- Corporate Executives and Senior Managers.
- Strategy and Business Development Professionals.
- Project Managers and Team Leaders.
- Consultants and Analysts.
- Anyone seeking to enhance their strategic management skills.

- Role of leadership in executing and sustaining strategies.
- Case study: Examining a company's strategic execution success.

## **Risk Management and Continuous Improvement in Strategy**

- Identifying and mitigating strategic risks.
- Scenario planning and contingency strategies.
- Agile strategy and adapting to market disruptions.
- Continuous improvement through strategy evaluation.
- Best practices in strategic management.

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

### **Program Timings:**

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

### **The program includes:**

- A daily buffet provided during the sessions to ensure participants comfort.
