Course Overview

Introduction

This highly-interactive training seminar will help you understand how teams can achieve much more than either the team leader or the team members dream possible.

It will help team leaders and supervisors learn skills and techniques that enable them to feel more in control of their team while at the same time applying techniques that helps team members release their talents, energy and potential.

The seminar will examine the latest ways to motivate and manage teams for improved productivity and morale and help turn average team leaders into one's that others in the organisation will aspire to join.

Program Objectives

- Identify individual work styles differences and how to use them to develop your team
- Apply the modern principles of time and activity management and manage self and team by them
- Draw-up a comprehensive Team Purpose Analysis and objective set for the team's foundation
- Use creative techniques to push the boundaries of team problem-solving and

decision-making

- Apply modern motivation techniques to get the best out of team members
- Use communication techniques that help minimize “noise in the team system”
- Influence team members to embrace change and use it as a powerful, positive force

Who Should Attend?

This course will mainly benefit to purchasing managers, senior buyers, project managers, civil engineers, construction managers, contractors, sub-contractors, site engineers, senior management, and government agencies, architects, construction professionals, and anyone responsible for purchasing at a senior level who seeks to enhance their skills further.

Program Outline

The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:

- **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

- **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

- **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

- **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

- **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

- **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

- **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

- **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

- **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

- **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
