## Introduction

Effective planning and control entails developing skills that go far beyond mastery of any one discipline. This program addresses key issues, such as cost analysis, continuous improvement of cost assignment, budgeting, management control, and performance evaluation. In so doing, the program pushes delegates to understand the cause-and-effect relationship among business strategy and vision, operational objectives, measures and targets, as well as advanced performance measurement and reporting. The program focuses on:

- Master the finance and accounting jargon to understand business processes
- Cost analysis for budgeting purposes and decision making
- Financial and operational measures to support the budgeting process
- Best practices to manage organizational performance
- Link strategy to costing and performance evaluation

## Objectives

- Understand the finance and accounting jargon
- Learn costing and budgeting terminology used in business
- Determine full costs of outputs for the goods and services provided
- Master traditional techniques and recent best practices
- Link finance and operation for budgeting purposes and strategy execution
- Learn how to build a comprehensive performance measurement system

## Training Methodology

The seminar will be conducted along workshop principles with formal lectures, case studies and interactive worked examples. Relevant case studies will be provided to illustrate the application of each tool in an operations environment. Each learning point will be re-enforced with practical exercises. Difficult mathematical concepts are minimized and handled in a visual way that is easy to understand with examples demonstrated.

## Organisational Impact

- Cost and budgeting awareness will be enhanced
- Higher chances to select a budgetary system that works
- Broadened knowledge of performance management techniques
- Better attitude to link cost and budgeting to strategy and performance measurement
- Deeper understanding of cause and effect relationship for budgeting purposes
- Better awareness of non-financial implications of budgeting

## Personal Impact

**The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:**

• **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

• **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

• **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

• **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

• **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

• **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

• **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

• **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

• **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

• **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
