INTRODUCTION

International procurement is a complex process, which has the potential to provide many benefits to the organization in the form of lower prices, higher quality and improved supplier performance.

In this programme you will learn how to:

- Locate, evaluate and manage international sources
- Implement best practices in international procurement
- Effectively draft an international procurement contract
- Manage the international movement of materials

PROGRAMME OBJECTIVES

- Examine how to locate and evaluate new sources internationally
- Consider the impact of the internet on purchasing operations
- Review best practices in international purchasing
- Analyze ways of managing suppliers more effectively
- Study new concepts in inventory management
- Enhance their negotiating skills
- Understand the proper drafting of international contracts
- Plan for effective international transportation management

TRAINING METHODOLOGY

Participants will learn by active participation during the programme through the use of programme materials, exercises, video presentations and discussions on “real life” issues in their organizations.

PROGRAMME SUMMARY

Effective international buying is essential to the success of the modern business, government and military materials management operation. This programme will focus on the best practices for locating, utilizing and managing global suppliers. Techniques for improving supplier performance, lowering prices, improving quality, shortening lead times, reducing inventory levels and eliminating unnecessary costs will also be carefully considered. In addition we will also examine the impact of the internet on global buying activities.

- Reengineering purchasing operations

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

Program Timings:

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

The program includes:

- A daily Coffee Break provided during the sessions to ensure participants comfort.
