## Course Overview

Contracts are the foundation of all commercial partnerships, and they have a role in every aspect of a business. Whether they are involved in the development of a large new asset or the delivery of products and services, all members of an organisation must understand how contracts work. Drafting and Negotiating Contracts is a topic that covers the principles, tactics, and strategies involved in contract negotiation and drafting. It concentrates on contract structure, substance terms, and how to construct them. It also covers legal etiquette such as attestation, registration, notarization, and stamping. Contracts that are well-written and comprehensive are essential to the success of any organisation. Drafting and negotiating are the two key components that make up the process of putting up a contract. A solid foundation for every commercial transaction may be laid by a legally binding contract that has been carefully negotiated after being meticulously created.

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.
