## Introduction

This seminar provides an understanding of the essential fundamentals of corporate finance, financial strategy and financial management. Contemporary practical examples are presented together with the theoretical principles to make the theory come to life. The overriding objective of this seminar is to present a number of integrated and powerful principles to help develop analytical skills and the decision-making capacity of the participants.

### It will enable you to:

- Appreciate the importance of using the appropriate financial strategy to create shareholder value above market expectations
- Consider how corporate behaviour impacts on achievement of corporate objectives, and the importance of corporate governance
- Understand financial strategy relating to stages of corporate development and costing
- Use and evaluate the various techniques of capital investment appraisal
- Effectively manage cash and working capital to reduce costs and improve cash flow

## Seminar Objectives

**At the end of this seminar delegates will be able to:**

- Use and evaluate the various techniques of capital investment appraisal
- Develop appropriate financial strategies
- Relate financial strategy to business strategy
- Effectively manage cash and working capital to reduce costs and improve cash flow

## **Training Methodology**

A mixture of exercises and real life case studies, examples and videos make this a lively and interesting seminar. There is a strong emphasis on practical application of the ideas within the delegates' organisation. Delegates are encouraged to complete a learning and action plan to focus them on and help them to apply their new knowledge and skills.

## **Organisational Impact**

- Implement appropriate measures that can add value to the organisation
- Appreciate the importance of selecting the appropriate financial strategy to maximise shareholder value
- Consider risk and its impact on company financing
- Evaluate the cost of equity and the cost of debt capital
- Look at capital structure and financial strategy in terms of the life cycle of the business, and the weighted average cost of capital (WACC)
- Use Excel© models and the appropriate tools and techniques in support of strategic capital investment decisions and capital budgeting
- Consider the appropriate financial strategies for use in mergers, acquisitions, restructuring and reorganisations, and appropriate takeover bid defences

## **Personal Impact**

**Participants will be able to further develop their personal management skills by**

## **being able to:**

- Make more informed and improved management decisions
- Consider why corporate objectives may not always be achieved and what may be done to eliminate dysfunctional corporate behaviour and align corporate goals
- Understand how to measure their own contribution to the creation of value for the shareholders of the business
- Appreciate why some financial strategies are more effective than others with regard to value creation
- Use the financial tools available for effective management of working capital
- Provide knowledge that can be shared amongst other departments of the company

## **Who Should Attend?**

- Finance Executive and financial professionals involved in the development and delivery of financial strategy
- Junior Executives and financial professionals seeking career advancement and development
- Senior and experienced professionals and finance professionals seeking either CPD or a valuable and stimulating “refresher”

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

### **Program Timings:**

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

### **The program includes:**

- A daily buffet provided during the sessions to ensure participants comfort.
