Introduction

This seminar provides an introduction to finance and accounting for those who have no prior knowledge of this business area. It is designed to train the participants to support operational and financial processes. Those attending this seminar will gain a clear understanding of the essential terminology of finance and accounting. They will also learn the principles and techniques of accounting systems through practical examples and exercises.

The overall aim of the programem is to ensure that those who attend will be able to perform more effectively and efficiently within the workplace.

The highlights of this seminar will be:

- The basic principles of accounting clearly explained
- Knowledge and confidence in accounting for a range of business transactions will be developed by using straightforward worked examples
- Simple but effective tools for analysing your business performance and position
- Basic cost accounting principles that help to ensure your business is efficient and profitable
- How and why the use of budgets can help to achieve overall business targets and objectives

Seminar Objectives

At the end of this seminar participants will:

- Appreciate the importance of the accounting and finance function and how it links with every part of the organisation and its suppliers, customers, shareholders, lenders and society in general
- Understand commonly used finance and accounting terminology, thereby allowing them to make a valuable contribution to the workplace in meetings or in a supportive role
- Understand the principles of accounting for routine business transactions
- Be able to summarise the results of business transactions over a period of time and prepare simple financial statements, including the Income Statement, Balance Sheet and Cash Flow Statement
- Be able to analyse and compare company performance using basic ratios
- Understand how costing and budgeting techniques can help the company to maintain efficiency and profitability

Training Methodology

This seminar is highly interactive: in the very first session you will be working with case exercises and solving problems. You will be encouraged to make the link between the training room and your office and organisation. The programme will utilise a range of learning methodologies, including short presentations with opportunity for question and answer, exercises and mini cases to develop knowledge and skills, and group discussions where you can share your opinions and experiences with your fellow delegates.

Organisational Impact

As a result of attending this seminar your employees will:

- Be able to make more effective contributions to workplace meetings and

discussions

- Have the knowledge and skills to assist their managers more effectively
- Appreciate the importance of finance within their organisation
- Be motivated to use their acquired skills and knowledge to add value to their role within the organisation
- Understand and be able to interpret basic financial statements and reports
- Be more willing to take ownership of financial responsibilities in their organisational role

Personal Impact

What will the employee gain from attending this seminar?

- You will acquire skills and knowledge that will help your personal development within the organisation
- You will improve your working role
- You will become more aware of the major issues facing your business
- It will enable you to further your professional skills.
- It will enable you to liaise effectively with line managers and other departments
- It will improve your status in the organisation as those around you realise and appreciate your knowledge and understanding

Who Should Attend?

- Secretaries
- Office administrators
- Personal assistants, and executive assistants
- Administrative professionals and support staff
- Anyone wishing to increase or update their awareness and understanding of finance and accounting methods and terminology

The Scandinavian Academy for Training and Development adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training and Development.

Program Timings:

- 9:00 AM to 2:00 PM in Arab cities.
- 10:00 AM to 3:00 PM in European and Asian cities.

The program includes:

- A daily Coffee Break provided during the sessions to ensure participants comfort.
