Introduction

Today's organisation deals with ever increasing levels of complexity and the ever increasing speed of change. In order to achieve maximum effectiveness managers must continually sharpen their skills. In this programme you will study how to:

- Understand and apply best practices of the business analysis discipline
- Conduct a business-needs analysis to elicit stakeholder requirements
- Utilise methods, tools and techniques to identify issues and opportunities
- Develop effective requirements and communication plans
- Prepare, manage and implement solution assessment and validation

Objectives

- Understand how a business analyst acts as an intermediary managing the interests and needs of both the business/project management and IT communities
- Learn how to use a systematic approach based on "A Guide to the Business Analysis Body of Knowledge® (BABOK® Guide)" Version 2.0 and "A Guide to the Project Management Body of Knowledge (PMBOK® Guide)" 5th Edition
- Understand and apply the systematic framework for conducting business analysis activities through the phases of the business analysis life cycle

- Provide best practices and theory with practical tools and techniques that can be applied immediately in your own organisation

Contents

The Scandinavian Academy for Training and Development employs modern methods in training and skills development, enhancing the efficiency of human resource development. We follow these practices:

- **Theoretical Lectures:**

- We deliver knowledge through advanced presentations such as PowerPoint and visual materials, including videos and short films.

- **Scientific Assessment:**

- We evaluate trainees skills before and after the course to ensure their progress.

- **Brainstorming and Interaction:**

- We encourage active participation through brainstorming sessions and applying concepts through role play.

- **Practical Cases:**

- We provide practical cases that align with the scientific content and the participants specific needs.

- **Examinations:**

- Tests are conducted at the end of the program to assess knowledge retention.

- **Educational Materials:**

- We provide both printed and digital scientific and practical materials to participants.

- **Attendance and Final Result Reports:**

- We prepare detailed attendance reports for participants and offer a comprehensive program evaluation.

- **Professionals and Experts:**

- The programs scientific content is prepared by the best professors and trainers in various fields.

- **Professional Completion Certificate:**

- Participants receive a professional completion certificate issued by the Scandinavian Academy for Training and Development in the Kingdom of Sweden, with the option for international authentication.

- **Program Timings:**

- Training programs are held from 10:00 AM to 2:00 PM and include coffee break sessions during lectures.
