## Introduction

When did you last stop to think about how you work at work – and whether the way you work could be changed to help you be more successful? The Business Brain Train Seminar provides a thoroughly enjoyable environment for you to explore these questions. It shows how to make yourself more effective using mind mapping; teaches techniques for faster, more effective reading, and shows how to use memory systems to remember information. It examines techniques for idea generation, creativity and problem solving; planning; time management; and inter-personal communication skills (including making a speech and how to improve meetings. It focuses on core skills required for success in any enterprise. The seminar helps individuals:

- Read faster and read better (combining speed reading with techniques for better comprehension)
- Learn how to use mind mapping for planning, note-making and clearer-thinking
- Learn the secrets of memory systems – and how to use them to remember information
- Generate ideas and use problem-solving techniques
- Develop strategies for managing time, priorities and pressure
- Understand the importance of the whole brain effect on business effectiveness

## Objectives

- Read faster and more efficiently. Tackle reading tasks with more confidence
- Combine fast reading, mind-mapping and memory skills with time management techniques to help handle “information overload”
- Develop effective strategies for managing time, priorities and pressure
- Be able to explore and develop new ideas and approaches
- Be more confident in your ability to work in groups, to contribute ideas and to take initiative and responsibility
- Understand how to create a “success culture” using “business brain skills”

## Training Methodology

This programme is enjoyable, practical and inter-active. The techniques are presented in a clear and easy-to-learn way using a mix of individual experiment, group work and discussion. You will find plenty of opportunities to participate, comment and question – but will never be put under pressure to express opinions or compete. You will be invited to learn at your own speed and to focus on developing your own skills.

## Organisational Impact

### Organizations can expect delegates to:

- Better equipped to handle information overload
- Be more effective readers (saving time and improving efficiency)
- Able to use simple memory systems to remember information (e.g. procedures, processes, facts, speeches)
- Able to use creative thinking tools and be more confident about working in groups and contributing ideas
- Understand how everyone in an organization has a part to play in creating a success culture

## Personal Impact

- A better understanding of 'brain skills' as a foundation for personal effectiveness and working success
- Improved self-belief and self-confidence in ability to handle information overload
- More confidence and success when reading and remembering information
- Be more confident in ability to work in groups and contribute ideas
- Able to apply creative thinking skills to difficult challenges
- Better able to prioritize and manage own time and resources
