## Introduction

Increasingly, it is being recognised that the trend towards equal opportunities for women is giving women the chance to take more responsibility and make more contribution to the success of their organisation.

However, in many cases, there is a need to develop the skills and confidence necessary to maximise potential as individuals and as employees. This programme is designed to do just that - to equip women with the skills, knowledge and confidence to succeed in what has traditionally been a male dominated society.

The seminar will involve experiencing personal development and practising the new skills using ten competencies which are the key to success in a position of responsibility.

## Objectives

**As a result of being on this seminar you will:**

- Get to know yourself better
- Improve your personal effectiveness
- Improve your ability to influence others
- Improve your assertiveness and self confidence
- Improve your business awareness

## Training Methodology

The week will include presentations, discussion and syndicate work. The emphasis however will be on experiential learning - learning by experiencing effective (and ineffective) behaviour in yourself and in others.

**The learning will be built around the following ten competencies :**

- Leadership
- Impact & Influence
- Thinking And Problem Solving
- Customer Awareness
- Interpersonal Skills and Assertive Communication
- Initiative and Pro-activity

- Emotional Intelligence and Self-Management
- Results Focus

On this course all skills will be taught through a combination of theory and practice, which each delegate having the opportunity to gain confidence of their abilities in practice their skills in a safe environment.

## **Personal Impact**

As a result of being on this programme, delegates will learn new skills – how to be assertive without being aggressive, how to communicate well, how to make a positive personal impact, how to manage time and how to lead, organise and delegate. Most importantly, the learning will be achieved by experiencing the effect of these skills being applied effectively in the safe environment of the seminar.

Delegates will also learn a lot about themselves, their effective and ineffective behaviour, how to change and how to put the new skills into practice back in the workplace.

## **Organisational Impact**

Organisations which take seriously the development of work-related skills in women will empower and enable women to fulfill their potential and thus be able to gain the benefits from developing all their best people – irrespective of whether male or female.
