Introduction

A unique, action-packed workshop that puts the emphasis on practical application of proven, cutting-edge, methods and tools that really works.

Develop hands-on skills in this critical area through applying tools to real world cases and the opportunities and challenges affecting your own organisation.

At the end of the bootcamp you will be able to apply the tools you need to design, develop and deliver a successful business strategy.

This course will feature:

- Stimulating exercises and role plays which are planned carefully to allow delegates to explore their real-life situations through a comprehensive strategic management system
- Active participation to practice using the most current, proven strategy method and tools – experience which can be taken back and applied in the workplace.
- Extensive and constructive feedback throughout the course from the tutor, from fellow delegates and from self-review
- Selection of the vital few critical success factors, key results indicators and key performance indicators to build a scorecard and dashboards
- Discovering new ideas, perspectives and insights
